

For Your Information

Almost 30 years ago CFL was born out of a desire to provide the finest photographic printing and framing service in the country. Our vision has not altered, we believe in providing the best quality possible to all of our clients no matter who they are. CFL is a complete solution for photographers and artists alike, combining experience with a desire to push the boundaries of craftsmanship to give our clients an unparalleled level of quality.

CFL's digital colour lab, pushes the quality of fine art printing to bold new levels. CFL was established specifically for the discerning artists who demand the utmost in excellence and archival permanence in their prints. Our professional, highly skilled staff, with their understanding of colour deeply rooted in their traditional craft, utilises state of the art equipment to provide you with the highest levels of expertise available in colour printing anywhere.

CFL's specialist-framing studio, elevates framing standards and quality to extraordinary new heights. CFL was established specifically for discerning photographers who demand the highest standards of excellence and archival permanence. Our highly qualified framing team possess a wealth of expertise, with many years of experience in all aspects of framing. We consistently deliver the highest standard of framing to all photographers and artists who desire excellence and quality at highly competitive prices.

At Created For Life, prepress is far more than a trade; it's an art-form. Our technicians possess many years of knowledge and experience in colour separation, and they apply supreme care and dedication to ensure that the proofs you sign off on, are the colours you'll get in print. Whatever the size and scope of your job, from a simple postcard to full colour book, the CFL team will prepare press-ready CTP (computer to plate) files in a timely and cost effective manner. You'll enjoy the utmost in customer care and service quality, every time, and you'll benefit from our continued investments in technology delivering the very latest in prepress processes.

Our aim is simple - we want to consistently deliver the highest possible quality in digital photographic printing on the best materials available, so that your artworks will be beautifully presented and give a lasting impression.

The combined expertise of CFL Printing & Framing gives you a dedicated team of professionals that is second to none. We are committed to excellence, and to ongoing research and testing for continual improvement to give you the assurance that your prints are *Created for Life*.

If you have any queries, please give us a call on (02) 4367 8499 so we can discuss your specialised requirements, or visit our website on www.createdforlife.com

Yours sincerely,

Glenn Mckimmin
Managing Director
Created For Life

Services

High End Scanning

CFL offers scanning of original negative and reflective materials at extremely high optical resolution (up to 8,000 dpi) to capture the finest detail in even the most challenging areas such as deep shadow and bright highlight.

Digital copies from artwork

If you have large artworks you would you like reproduced as prints, we use the latest high resolution digital camera to copy your original artworks and create a digital file that can be used for printing, web display etc.

Archival Inkjet Prints

CFL also offers output via our Epson 9070 printers onto the complete Hahnemuhle range. The choice is yours with nearly 20 papers to choose from we will find the right paper to suit your needs and as always with a level of quality that will reflect the look and feel you require.

HighTail

HighTail offers our clients an efficient cost effective way of uploading files to our secure server.

Retouching, Restoration and Composites

Let our skilled colour technicians retouch, restore or create creative composites of your images. CFL is committed to the keeping up to date with latest and greatest photoshop techniques, ensuring your image quality is paramount.

Prepress

Prepress is the secret ingredient in every award winning publication. At CFL we offer you the best in design, image preparation, colour separation and production of proofs to breathe life into every visual element of your print production. With the production of over 40 published titles CFL has the prepress experience to produce the highest quality finishes.

High Quality Picture Framing

CFL's specialist-framing studio, elevates framing standards and quality to extraordinary new heights. CFL was established specifically for discerning photographers who demand the highest standards of excellence and archival permanence. Our highly qualified framing team possess a wealth of expertise, with many years of experience in all aspects of framing. We consistently deliver the highest standard of framing to all photographers and artists who desire excellence and quality at highly competitive prices.

Information for ordering prints

- When ordering your print please take into consideration that print size includes your border
- Images must be sized correctly to be considered print ready.
- Post production is charged at \$45 per image / If image only needs re-sizing the charge will be just \$10

File and Film specifications for printing

SERVICE TIME 2 - 5 days

Inkjet prints from film or digital file - Print Information

The following guidelines are a framework by which CFL will operate. In order to make our pricing more consistent and eliminate any grey areas, specific file setup is required in order to produce a print that you are happy with. The pricing structures are listed on the following pages. Please read the following information carefully to see how this may apply to you.

Printing from a digital file - No retouching required

To take advantage of our Print Ready pricing please provide your images set up at 200dpi, 8 bit flattened TIFF, or JPEG and converted to Adobe RGB (1998). Your image must also be sized correctly with borders and fit into one of our sizing categories.

Please be aware that if the above specifications are not met the price will automatically be charged at our From Digital File pricing structure.

Printing from a digital file - Retouching required

Take the computer work out of your photography, send your images to CFL as Raw files and let our skilled colour technicians use your specifications to create your very own masterpiece. Our staff are constantly applying the latest techniques using the full capabilities of Photoshop combined with years of colour experience to produce images exactly how you like them. Should you choose this service you will be charged at the From Digital File pricing structure. The image/images can then be saved to a USB flash drive and used for reprints and benefit from our reduced Print Ready pricing.

Printing from film

CFL can print from any type of film. Our colour technicians will perform a high end scan, clean dust and scratches and adjust the scanned image in photoshop to match the film or provided proof. This service will be charged at the From Film pricing structure. Any extra colour work or retouching above and beyond basic correction will be charged at \$140.00/hr. If the film is extremely dirty or scratched and extra work needs to be done this will be charged at \$140.00/hr. Our staff will communicate with clients to determine the appropriate charges. The image/images can then be saved to a USB flash drive and used for reprints and benefit from our reduced Print Ready pricing.

High End Scans

Service Time 2 -5 Days

CFL offers High End Scans using the Imacon Flextight 484 Film Scanner. The 484 is a true optical 8000dpi virtual drum scanner capable of scanning negative and transparency film from 35mm to 4 x 5". CFL offers a number of scanning services ranging from RAW scans through to Print Ready files.

All scans are done at 200dpi unless otherwise stated. If there is any extensive scratch removal, water marks or blending etc, this work will be charged at our Digital Image Manipulation price of \$140.00/hr. Images can then be burnt to CD/DVD. Please refer to our Output pricing.

Print Ready Scans

These scans offer our clients a print ready file which has been colour corrected, cleaned & sharpened to match the film. If there is any excess colour work or cleaning it will be charged at \$120/hr.

Size (Mb)	1st Scan	Additional Scans
1 - 20	\$32	\$28
21 - 50	\$45	\$40
51 - 75	\$57	\$51
76 - 100	\$76	\$68
101 - 300	\$115	\$104
301 - 450	\$152	\$166
451 - 650	\$190	\$189

Raw Scans

These scans are a basic output scan. They are done using the same scanner but do not have any cleaning or colour work included. They are amazing value at 40% off the fully worked on scan price.

Size (Mb)	1st Scan	Additional Scans
1 - 20	\$28	\$22
21 - 50	\$39	\$31
51 - 75	\$50	\$40
76 - 100	\$66	\$53
101 - 300	\$99	\$79
301 - 450	\$132	\$106
451 - 650	\$165	\$132

Additional's refers to bulk scanning, ie. if you have 5 or more scans of a particular size. Specialised quotes are available. Please call for more information.

Digital Image Manipulation

CFL now has some of the best image Digital Image Manipulation experts in the business. This service covers a variety of applications as listed below.

Retouching

Whether it is a composite, a digital enhancement or even a montage, let our amazing image retouchers create the perfect representation of your images, posters or promotional material.

Restoration

If you have old photographs sitting at home that you would like digitised so they can be enjoyed for generations to come, bring them into CFL and let our retouchers ensure your memories will last forever.

All Services relating to Digital Image Manipulation are charged out at \$140 per hour with a minimum charge of \$35 (15mins)

Output

Files Copied to	1st Copy	SIZE
USB Flash Drive	\$20	4 Gb

Digital Copies from Artwork

With the use of the latest high resolution digital camera, your original artworks can be digitised and reproduced onto a medium of your choice at an amazing 36 megapixels in their original size or bigger. The price includes full colour management and one proof print. Please contact our staff to discuss the many options available for reproduction of your precious originals.

Photography cost is \$140 per original artwork

460mm x 285mm	Pano - 14" long edge	\$39	\$45
460mm x 285mm	Standard - 12" long edge	\$39	\$45

• Quantity discount may apply - please contact us for more information.
 • Please contact us for a quote for custom Portfolio sizes. Higher costs may apply.

- Although it's purely packaging, your portfolio speaks volumes about the quality of your work. You take great photos; showcase them!
- The importance of professional portfolio mounting is borne out in research. Our findings suggest that it's one of the most effective ways to display your images for maximum sales. Professional mounting complements your photos, showing them in their 'best light'. It conveys professionalism and speaks of success. And, of course, it extends the life of your portfolio, and saves you valuable time mounting and re-mounting.
- CFL's professional portfolio mounting ensures that your portfolio works with your photos, not against them. Your prints are mounted using the same professional techniques that we use in all our other processes. They're sealed with a superior high gloss laminate (For fujiflex prints only, mat prints will be sprayed), mounted onto a black or white polypropylene board with optional felt backing, then finished off with the highest quality archival materials, ensuring lasting images.
- We possess many years of portfolio mounting experience, and our proven processes ensure a finish that is professional and touched with finesse. We take our time and pay the utmost attention to every small detail. Some people may not judge a book by its cover, but most do. Make sure your portfolio doesn't let you down.
